UPCOMING DEADLINE

## Study Visits

Study Visits provide education decision-makers and those responsible for vocational education and training with an opportunity to spend up to one week in another European country, learning about practices and approaches in education. The visits provide a forum for discussion, exchange and learning on themes of common interest and on European and national priorities. By exchanging innovative ideas and practices, participants promote the quality and transparency of their education and training systems. Study Visits are also an invaluable networking opportunity and a chance to meet potential partners for transnational collaborative projects.

### The next deadline for applications is:

- **15 October 2010 @ 11am** for visits taking place between March and June 2011.

### Who should apply?

- Individuals who have a decision-making or specialist role within general education or vocational education and training.
- Educational staff who are involved in management, assessment, training and counselling.
